

CSQ Funding for an Employee – Overview

WorkSafe Connect is a proud recipient of Construction Skills Queensland (CSQ) funding for Short Course programs under both the General Construction and Civil Construction packages.

CSQ Programs

There are two funding options available depending on the eligibility of the employee:

- **Eligible Workers who are not Apprentices or Trainees** – CSQ funding contributes to the cost of the course for those who are working in the building and construction industry. The worker must also permanently live or permanently work in Queensland.
- **Apprentices and Trainees** – CSQ funding fully subsidises the course cost for current apprentices and trainees or those in their first year out (i.e. they commence the course within 365 days of their completion date). They must also either permanently live or permanently work in Queensland.

Required Information

In order to be eligible for CSQ funding, each employee must submit a completed “CSQ Eligibility and Evidence Form (Employee)” with evidence attached.

Reference materials and templates

Reference information is also provided within this pack:

- CSQ funding amounts available under each program (pages 2 to 4)
- List of eligible apprenticeships and traineeships (page 5)
- Template letter from the employer proving work in the building and construction industry (page 6)

CSQ Contract Key Terms

The contract period starts on 1 October 2020 and ends on 30 September 2021. To be eligible, all training and assessment must be commenced and completed within this timeframe. The delivery regions are Gold Coast, Greater Brisbane, North Queensland and Far North Queensland.
